

### Visitor Guidelines for Gritman Emergency Department during COVID-19

1. Patients in this unit are allowed only one approved visitor throughout their visit.
2. No visitor can be under the age of 18 years old unless they are married/emancipated.
3. The visitor will wear a mask at all times while inside the hospital, including inside patient rooms.
4. Visitors must stay in the patient's room the entire time of the visit. Once the visitor leaves the patient room, they must leave the medical center and cannot return until the patient is discharged or admitted.
5. Personal digital media may be used in the hospital patient room to allow other family or loved ones to make contact with the patient.
6. The visitor will attest that they do not have the following symptoms in order to stay in Gritman Emergency Department (unless attributable to another medical condition and prior authorization):
  - a. Fever (100.0 or above)
  - b. Body Aches (myalgia)
  - c. Cough
  - d. Shortness of breath (dyspnea)
  - e. Throat pain (pharyngitis)
  - f. Decreased or loss of smell or altered taste
  - g. Fatigue
  - h. Nausea, vomiting, or diarrhea
  - i. Headache
  - j. Nasal congestion
  - k. Chills
  - l. Repeated shaking and chills

If any visitor starts to display any of the above symptoms you will be honest with Gritman staff, and immediately leave the facility and not be allowed to return.

7. Visitation rights may be revoked at any time for the safety of the patient, staff or visitors at the discretion of the clinical, nursing, medical, or infection prevention staff.
8. All visitors will present their state issued government identification card, provide their permanent home address and phone number in case they need to be contacted for tracing.
