Gritman Medical Center is the largest private employer in Latah County with over 500 employees.

As a not-for-profit hospital we reinvest any earnings above and beyond the cost of services rendered back into the hospital. These investments take the form of new medical technology and services that benefit our community.

For more information: the Gritman Medical Center Annual Report is our yearly update to the community on how Gritman provides extraordinary care to improve the health of the people in our communities.

In addition to Gritman Medical Center, we operate four family care and internal medicine clinics in Latah County:
